13. Are you open to having a New Leash representative visit your home to see your setup and also check on the foster?
14. Why do you want to foster?

There is always an adjustment period everytime a new animal comes into your home. There can be accidents as a dog adjusts to a new routine, so all animals will need a housetraining refresher. Every time new dogs are introduced into the same home, they need to figure out the new pack order of the group. Dogs that move into new situations (new foster, new adopter, etc) are the most at risk of getting away and becoming lost. Double leashing along with other safety precautions are recommended. Adjustment can take time. Every time a dog moves to a new place, their world is turned upside down and they've lost all the things that used to give them comfort. Please be patient with your new foster and do not hesitate to reach out if you have any questions.

THANK YOU FOR OPENING UP YOUR HEART AND YOUR HOME TO A HOMELESS ANIMAL !
